IMPORTANT INFORMATION ABOUT EXPANSION OF ODYSSEY SYSTEM IN PINELLAS COUNTY TO CRIMINAL, TRAFFIC, AND JUVENILE WITH IMPACT ON CIVIL, FAMILY, AND PROBATE CASES

On July 14, 2014, the Odyssey case management system in **Pinellas County** will be expanded to include criminal, traffic, dependency and delinquency cases. This is a historic transition and we are excited about the prospects of a new system after more than 30 years with CJIS. Because of the complexity and volume involved with converting data from the old CJIS legacy system into the new Odyssey case management system, there will need to be a period when **both CJIS and Odyssey** will be "view only" immediately prior to the go live date.

Beginning the afternoon of Thursday, July 3, through Sunday, July 13, **CJIS** will be available for view only. The information that will be available for viewing will not be updated once view only mode is initiated so its usefulness will be limited.

Odyssey will be view only from Monday, July 7 through Saturday, July 12. Records and images in Odyssey will not be updated during this view only timeframe. This will impact **all** current Odyssey users in civil, family, and probate.

Impacts on criminal, traffic, and juvenile cases: Because CJIS records cannot be updated after July 3rd, the Courts will be operating on reduced schedules the week of July 7th. In criminal cases, only first appearance hearings, bond hearings, some violation of probation hearings, and trials will be conducted. There will be no local ordinance violation or notice to appear calendars. In juvenile cases, only shelter and detention hearings and trials will be held. For traffic cases, there will be no proceedings scheduled at either traffic facility the entire week of July 7th and there will be no evening traffic infraction or parking ticket calendars the week of July 7th.

Impacts on civil, family, and probate cases: Because Odyssey will be view only for a week, this may impact civil, family and probate cases. Judges and other judicial officers may need to limit the types and number of hearings scheduled the entire week of **July 7th**.

I appreciate your patience with the rescheduling of the previous March go live date. Please continue to visit this site for the latest information on the expansion of Odyssey.

Recap of important dates:	
July 3rd – July 13th	CJIS access is view only; records will not be updated after July 3rd
July 7th – July 11th	Court proceedings in criminal, juvenile and criminal traffic are limited
July 7th – July 11th	No proceedings at traffic courts; no evening civil traffic infractions scheduled
July 7th - July 12th	Odyssey system in civil, family and probate is view only
July 13th	Odyssey is accessible again for civil, family and probate cases
July 14th	**Odyssey goes live in criminal, dependency, delinquency, and traffic**
