Thank you for letting me come
visit the courthouse.

I will always obey the law
so I never have to go into
one of those holding cells! And
I saw a real judge's office. It was
so fun I hope we can come again.
It was so fun wearing your coat
in the nice soft chair.

Sincerely!!
Alicia

Thank you for letting me come visit the

I really enjoyed you teaching us about

Thank you for letting me come visit the courthouse.
I really enjoyed seeing all these weapons. But, I should
be scared of them! I cannot believe that people try to
come in the courthouse with those! Wow!

One thing that I learned was that a death penalty
means to be sentenced to death because of a murder or
something like that! (Man, how did "death penalty" get to
my mind when I was in line for questions?)
